

MS41

MS41 Single Shearlocks

Key Features

-  Great for doors either with fixing or overhead
-  No loss of headroom in the doorway
-  High holding force for robust security

Product Description

The MS41 single shearlock offers a versatile locking solution, with installation options that include surface fixing or overhead mounting. Its slim design preserves headroom while delivering a clean and professional finish. High holding force ensures reliable security for a wide range of access control applications.
