

MS750

MS750 Door Hold Magnets

Key Features

- Fits behind the door when the door is open
- Swivel orientation accommodates either wall or floor fixing
- Robust aluminium casing
- Swivel keeper plate available for doors that don't open parallel to the wall
- 300mm tubing can be cut to desired length (for 300mm versions only)

Product Description

These aluminium door hold magnets are designed to sit neatly behind the door when open, providing a discreet and effective door holding solution. A swivel orientation allows for flexible installation on walls, floors, or ceilings, while accommodating doors that do not open parallel to the mounting surface. The robust aluminium casing ensures durability, and a swivel keeper plate is available for improved alignment. Selected versions feature 300mm tubing that can be cut to the required length for bespoke installations.

Product Specifications

	MS7-50	MS7-50-WM-100MM	MS7-50-WM-300MM	MS7-50-FM-100MM	MS7-50-FM-300MM
Surface Material	Glass-filled nylon housing	Aluminium housing			
Holding Force	50kg				
Mounting	Surface				
Dimensions	68 x 68 x 51 mm	100x75x75mm	300x75x75mm	100x75x90mm	300x75x90mm
Product Weight	0.9 kg	0.65 kg	1.2 kg	0.65 kg	1.2 kg
Power Supply	24Vdc				
Power Consumption	65mA @ 24Vdc
